Minutes of the 10th IFAHR Pattern Race and Handicapper Committee Meeting

1. Conclusion of last Pattern Race and Handicapper Committee Meeting

The minutes of the last Pattern Race & Handicapper Committee are approved by the members.

2. Adoption of the Arabian Pattern Races Committee's rules

The Arabian Pattern Races Committee's approves unanimously the rules that should therefore apply from now on.

3. Publication of the Pattern Races on IFAHR's website

Jean-Pierre de Gasté informs the Committee that there are some mistakes published on IFAHR's website regarding the status of certain races, such as race published as Listed but which are not. He has asked the participants to check some of these races and to correct it.

Furthermore, a decision has been taken that all races should keep their original handle of race included with the new name if the race is sponsored.

4. Establishment of a chart for alignment of handicap ratings between country members

The handicappers have studied the possibilities of alignment of handicap ratings.

5. Finalisation of an international handicap rating database

Izeta Selimanjin presents the pre-final project of the future website created by the company Cybertronic. The participants have suggested few modifications. Each of them will send their suggestions which will be integrated to the final project.
